BULBS

Vegetable Seed Co.
SPECIAL OFFER OF FLORIST STOCK SURPLUS

Last May you admired the beautiful displays of Darwin Tulips in the garden borders, and perhaps wished that you had some bulbs of these varieties in your own home garden.

Here is a chance to give yourself that "all set" feeling and at a bargain too, for our florist customers have not been able to buy as freely as usual and so we are offering thousands of these extra quality surplus bulbs to the public at wholesale prices.

In planting tulips, we suggest that they be planted in little groups, ten bulbs to a group, fairly close together. Doing this, the full effect of the color is brought out prominently and the result is more attractive than where they are strung along the edge of the border like pickets on a fence.

Should you decide to plant in groupings of separate colors you may select from the following list at the very special price of 65¢ per ten of one variety; or \$4.75 for 100 assorted to your selection, all postpaid.

Mail this coupon with your remittance.

Pink & Rose

- () Baronne Tonnaye
() Clara Butt
() Mde. Krelage
() Princess Elizabeth

Blue & Lilac

- () Reverend Eubank
() Cardinal Manning
() Dream

Yellow
